Thank you for contacting Infectious Disease Specialists, P.C. for your Travel Health needs. We are a Certified Yellow Fever Vaccination Site. If you visit our clinic for pre-travel preparation, you will be seen by one of our physicians. They will review your health history and your travel plans and advise you regarding appropriate pre-travel vaccinations write any necessary prescriptions and provide other pre-travel advice. You will receive your vaccinations the same day as your clinic appointment and be provided with an International Certificate of Vaccination showing which vaccinations you received. Please keep this Vaccination Certificate in a safe place as there is a \$10 charge to replace a missing card.

We encourage travelers to be seen by a Travel Medicine Specialist to avoid travel-related illnesses. We realize that some experienced travelers may be quite knowledgeable about pre-travel health requirements to certain destinations. If this is the case, we will provide vaccinations (except Japanese Encephalitis and Rabies) without an evaluation by one of our physicians. The traveler must be at least 18 years of age and sign a waiver stating what vaccinations they are requesting, declining a physician evaluation and releasing our clinic from responsibility. ***We do not provide waiver vaccinations for anyone under the age of 18. We do not provide prescription medications such as malaria pills with waiver visits.***

Patients should come prepared to pay for their visit and vaccinations by cash or credit card, **no checks** accepted. We do not accept Discover or American Express Credit Cards. We do not submit the charges to insurance. Depending on your destination, the total cost can be in the range of \$200 to \$800 per person.

Most vaccinations should be given a minimum of 2 weeks prior to travel. Some vaccines require you to stay 30 minutes after receiving an injection or require a series of shots given over a period of weeks. We strongly suggest that you see us as early as possible. Please ask us if you have any questions.

You will be billed \$25 if you do not come to your appointment or if you do not call us by 4:00 pm the day before your appointment in order to cancel it.

We do not provide Travel Health advice over the phone. Please do not ask our staff to do so.

Allow one to two hours for your consultation. **Bring all information regarding any previous vaccinations**
Travel Related Services

- Pre-Travel Evaluations and Vaccinations for any International Destinations
- International Certificates of Immunizations
- Certified Yellow Fever Vaccination Site
- Evaluation of the Returning Ill Traveler and all Travel Related Illnesses

**Take the quiz on the back of this sheet to help you decide whether or not you need to see a Travel
Medicine Specialist!**
